LEGO WeDo Camp

Open to Rising 4th Graders:

Campers will explore robot design and programming as they create robotic critters and investigate simple machines.

Available sessions D, E, or F

CODE TREKKERS

Open to Rising 5th Graders:

Code Trekkers will decode secret messages around Old Towne using GPS units. The goal is to find their agent!

Available sessions A, B, or C

ECO-CADETS

Open to Rising 6th Graders:

Campers will engage in a variety of ecological activities including: testing water quality, kayaking, and bird watching.

Available sessions A, B, or C

DRONE CITY

Open to Rising 7th Graders:

Campers will learn to fly and code drones while participating in challenging obstacle courses.

Available sessions A, B, or C

{PPScoders}

Open to Rising 5th, 6th, 7th Graders:

Campers learn the basics of computer coding, developing programs as they see real programmers in action.

Available sessions A, B, or C

From One Hand To AnOTHER

Open to Rising 5th, 6th & 7th Graders:

FOHTA will focus on using littleBits electronics to create display signs for small businesses in Portsmouth, VA

Two - 3 -Week Sessions Available (**/****)

*STARBASE Victory requires a \$5.95 non-refundable registration fee for campers. All camps are funded through a unique partnership with Portsmouth Public Schools, community organizations, and STARBASE Victory, Inc., a 501(c)(3) non-profit.
